Shared strength through  WPPI Energy

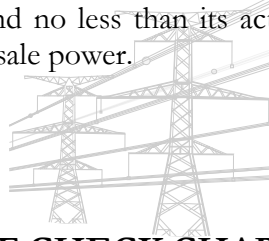

500 N. Chestnut Avenue
PO Box 70
Oconto Falls, WI 54154

ELECTRIC PCAC

(Purchased Power Cost Adjustment Clause)

The PCAC is used to pass through to the customer the actual costs for purchasing wholesale power. The PCAC can increase or decrease monthly depending on variations in weather, customer usage, fuel costs and many other factors.

The PCAC helps to keep rates as low as possible by ensuring that the utility collects no more and no less than its actual cost for your wholesale power.

NSF CHECK CHARGE

A one-time fee of \$25.00 will be assessed for each NSF check received for water services and/or \$20.00 will be assessed for each NSF check received for electric services.

LATE PAYMENT CHARGE

A charge of 1 percent per month will be added to bills not paid within 20 days from the date of issuance.

The late payment charge shall be applied to the total unpaid balance of utility service charges.

This charge is applicable to all customers.
